Elect 3		3		
Elect 4		3		
Degree requirement		42	credits	

TRANSFER CREDIT AND COURSE WAIVER If you've previously done graduate work, you may transfer up to 9 credits toward your degree provided you received a B or better in the course and it was completed less than 10 years ago. Substitutions/waivers for a required course may be requested and granted if a student can prove proficiency with the content. Students who are granted waivers must take elective courses to replace the credits from which they have been waived. A course waiver does not result in an award of credit. See the program chair for details.

TIME LIMIT Students have five years from the start of their first course to complete all the requirements for the M.S. degree. A student may petition for an extension beyond this limit in the case of significant extenuating circumstances.

INTERNSHIPS Milano strongly encourages adding internship experiences to your classroom learning. While the Milano School does not award credit for internships, we suggest you register a zero-credit internship to have it officially recognized and recorded on your transcript. Go to milanoschool.org to learn more about [Internships](#)

This is a worksheet only and not an official University document. It is the responsibility of the student to know and comply with Milano policies, procedures, deadlines, and graduation requirements.
