**16-MONTH ACCELERATED** In order to fulfill all the necessary requirements, you need to be flexible enough to take classes both days and evenings, and to take classes and complete coursework during the winter and summer sessions and regular semesters in the order outlined. Students choosing this option enter in the fall and complete requirements for the degree the following fall. International students who are admitted into the 16-month accelerated option and change to a traditional full-time path must notify ISSS of the change.

**INTERNSHIPS** Milano strongly encourages adding internship experiences to your classroom learning. To register your internship, you will need to submit an experience learning agreement (ELA).
